

Ringtone: Friendship (tested for the Nokia tone editor)

Go to the tone editor.

Type in the following keys:

4.c1 16.c1 16.c1 8c1 8c1 8c1 8c1 8d1 8c1 8d1 8#d1 8e1 8#d1
2c1 4f1 4a1 4d1 4#a1 4g1 4d1 1c1 1-
2c1 4f1 4a1 4d1 4#a1 4g1 4e1 1c2

The numbers before the letters indicate the length of the tone; the letters indicate the tone itself and the numbers after the letters indicated the pitch.

Each key has its own tone:

c=[1] d=[2] e=[3] f=[4] g=[5] a=[6] b=[7]

Length: shorter → [8]-key; longer → [9]-key

possibilities: (shortest) 32 - 16 - 8 - 4 - 2 - 1 (longest)

one octave higher: [+]-key

break between two notes: [0]-key

shorten the break → [8]-key; lengthen it → [9]-key

make a note a semitone higher → [#]-key

Add a break to a note → keep the key pressed

Save afterwards.

Finished ☺ !
